Class Materials List

Cost effective alternatives underlined.

1. Stay-Wet Palette - Plastic palettes to hold the paint and are air tight to help keep paints clean longer. It is possible to DIY using tupperware, paper towels and wax paper.
2. Enamel butcher tray or Disposable Paper Palette for mixing. Alternative: any white plate or plastic shallow dish. There are always things that will work just perfectly at the thrift store. **Note: Enamel or ceramic are the best for easy cleanup.**
3. Brushes – Buy decent brushes (most of the cheaper ones lose hairs and you will endlessly be picking them out of your painting).

8. Glass containers- 1 mid sized (about the size of a Pasta Sauce jar) and 2 small jars (baby food or jam jar size)
9. Silicoil Brush Cleaning Tank
10. Palette Knife (a trowel-shaped blade is preferred because it makes it easier to work the knife into the painting.)
11. Apron. An old oversized shirt will also work just as well. I recommend wearing old clothes and shoes to class.
12. Canvas Pad (9x12 inches. This should be real canvas and not canvas paper)
13. 5 Canvas boards (8x10 inches)
14. 1 Canvas (16x20 inches, stretched)
15. Drawing Board – this is for paper & canvas support. Alternative: Pick up a piece of Masonite at Home Depot or Lowes, they will cut it down to a manageable carry size.
16. Newsprint
17. Sketchbook – This is for planning paintings and sketching. A heavier weight paper allows for flexible use. *My preferred sketchbook is the soft cover Moleskine Sketchbook.* Alternative: This can be anything from index cards to card stock printer paper.
18. Pencil – HB
19. Charcoal Pencil - 2B, 4B, 6B and White
20. Chamois cloth

33. Bag or Backpack -whatever you have that works...reusable grocery bags, big blue IKEA bags, or an old carryon suitcase with wheels.
